Medical equipment was pprocured to improve the material and technical base of healthcare organizations of the republic

14 February 2020 / Hits: 292

To upgrade the material and technical base of healthcare organizations of the republic, medical equipment worth 13 million 067 thousand US dollars was procured, including high-tech medical equipment for the National Oncology Center, laboratory equipment for 10 healthcare organizations and biochemical analyzers for the regional FMCs, medical equipment for 10 healthcare organizations providing emergency obstetric and neonatal care, basic set of equipment for emergency pre-hospital care for children, medical equipment for the department of emergency health care of the Jalal- Abad Oblast Merged Hospital.

Also, the work is underway to conduct the tender for medical equipment to be procured for the Bishkek Perinatal Center (KFW) in the amount of 4 million 252 thousand US dollars.

Besides, the tender was announced by the MHIF Development Fund for procurement of medical equipment in the amount of 25,0 million Soms (echocardiograph, ultrasound machine, ophthalmology equipment, x-ray and ultrasound machines for remote regions).
