CANCELLATION OF EXTRAORDINARY MEASURE

The Ministry of Health, as the competent administrative authority, pursuant to Section 80(1)(g) of Act No. 258/2000 Coll., on Public Health Protection and amending certain related acts, as amended (hereinafter referred to as “Act No. 258/2000 Coll.”), proceeding pursuant to Section 68(1) and (3) in conjunction with Section 94a(4) of Act No. 258/2000 Coll.,

I.

cancels the extraordinary measure of 7 March 2020, Ref. No. MZDR 10381/2020-1/MIN/KAN.

II.

This cancellation of the extraordinary measure takes effect on the day of its issue.

Rationale:

Under the extraordinary measure of the Ministry of Health Ref. No. MZDR 10381/2020-1/MIN/KAN of 7 March 2020 (hereinafter referred to as the “extraordinary measure”), all persons having their temporary or permanent residence in the Czech Republic, residing in the Czech Republic for more than 7 days or employed in the Czech Republic, who returned to the Czech Republic from the Italian Republic from 7 March 2020 forward, were ordered to report this fact immediately upon their return to the Czech Republic, by telephone or any other means of remote access, to the healthcare service provider with whom they are registered in the discipline of general medicine or paediatric general medicine or, if they are not registered with any provider, to any provider in the discipline of general medicine or paediatric general medicine, with certain exceptions and certain other additional obligations.

Pursuant to Section 94a(4) of Act No. 258/2000 Coll., it applies that if the reasons for issuing the general measure pursuant to subsection (2) were to pass or change, the public health protection authority will immediately cancel or change the measure.

With regard to the fact that the government of the Czech Republic adopted resolution No. 334 of 30 March 2020, declared under No. 142/2020 Coll., under which it ordered with effect from 31 March 2020, all persons who enter the Czech Republic to report this fact immediately after entering the Czech Republic, via telephone or other means of remote access, to the

healthcare service provider with whom they are registered in the discipline of general medicine or paediatric general medicine or, if they are not registered with any provider, to any provider in the discipline of general medicine or paediatric general medicine, with exceptions, the reasons for the existence of this extraordinary measure have ceased to exist.
