

Obtain a health pass in the event of vaccination abroad

Published on 05/11/2021

Information provided by the **Ministry of Solidarity and Health** 

Since August 9, 2021, the health pass is mandatory in certain places to minimize the risk of contamination by the Covid-19 virus and applies from the age of 12 throughout France.

How to obtain a health pass in case of vaccination abroad?

The health pass consists of the presentation, digital or paper, of a vaccination certificate (on condition of having a complete vaccination schedule with one of the vaccines recognized by the European Medicines Agency or equivalent to these vaccines), a test or reinstatement certificate. In order to allow nationals of a country outside the European Union visiting France to claim their vaccination to access activities and places subject to the pass, pharmacists can now issue a certificate of vaccine equivalence valid as a health pass.

Who can request a certificate of vaccine equivalence?

To obtain a certificate of vaccine equivalence valid as a health pass, the conditions to be respected are the following:

- Not to have been vaccinated in one of the following countries: Member States of the European Union, Albania, Andorra, Armenia, islands Faroe Islands, Iceland, Israel, Liechtenstein, North Macedonia, Morocco, Monaco, Norway, Panama, United Kingdom, San Marino, Switzerland, Turkey, Ukraine, Vatican. These countries allow obtaining the  digital COVID certificate from the EU or equivalent, which is accepted in France.

Avoir un schéma vaccinal complet et obtenir le passe sanitaire après une vaccination à l'étranger

J'ai reçu un vaccin...	J'ai un schéma vaccinal...	Pour obtenir mon passe sanitaire dois-je recevoir une nouvelle dose de vaccin ?
Pfizer-BioNTech, Moderna, AstraZeneca, Janssen (Autorisé par l'EMA) OU Covishield, R-Covi, Fiocruz (reconnu comme équivalent par l'ANSM ou «EMA-like»)	Complet	Mon schéma est complet, je n'ai pas besoin d'une nouvelle dose de vaccin
	Incomplet	OUI, 1 dose de vaccin ARNm**
Covaxin, Sinopharm*, Sinovac* (Reconnu par l'OMS)	Complet	OUI, 1 dose de vaccin ARNm**
	Incomplet	OUI, 2 doses de vaccin à ARNm entre 21 et 49 jours d'intervalle**
Sputnik et autres (Reconnu ni par l'EMA ni par l'OMS)	Complet ou incomplet	OUI, 2 doses de vaccin à ARNm entre 21 et 49 jours d'intervalle**

* - Sinopharm (Beijing Institute of Biological Products): SARS-CoV-2 Vaccine (Vero Cell), Inactivated (InCoV)
 - Sinovac : COVID-19 Vaccine (Vero Cell), Inactivated/Coronavac™

** 4 semaines après la dernière injection de vaccin réalisée à l'étranger ou, à défaut, au plus vite

Si vous recevez une ou plusieurs doses complémentaires en France, votre passe sanitaire sera valide 7 jours après la dernière injection de vaccin à ARNm.
