The Cabinet of Ministers approved new rules for passenger transportation during quarantine

NEWS

The Cabinet of Ministers approved new rules for passenger transportation during quarantine

SHARE

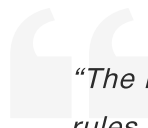

11 October 2021

146

At a meeting of the Cabinet of Ministers of Ukraine on October 11, amendments were made to Resolution No. 1236, which provide for tightening the rules for passenger

transportation in regions where the “yellow”, “orange” or “red” level of epidemic danger was established.

“The new rules for passenger transportation are a necessary step to restrain the spread of coronavirus disease in order to save the lives and health of citizens. Therefore, the presence of both drivers’ and passengers’ documents confirming their COVID-safety is a necessary condition for regular and irregular transportation in any type of transport”,

explained

Health

Minister

Viktor

Liashko.

Starting from
October 21,
interregional
transportation of
passengers in
regions with a
“yellow”,
“orange” or “red”
level of epidemic
danger will be
allowed,
provided that all
drivers, air
transport crew
and passengers
have one of
these
documents:

a document
confirming
receipt of a full
course of
vaccination or a
document
confirming
receipt of a
single dose of
two-dose
vaccine for
regions of the
“yellow” level of
epidemic danger;

an international, domestic or foreign certificate confirming vaccination against COVID-19 with one dose of single-dose vaccine or two doses of double-dose vaccine approved by WHO for use in emergency situations, a negative test result by polymerase chain reaction or recovery of a person from the specified disease, the validity of which is confirmed using the Unified State Web Portal of Electronic Services, in particular using the mobile application of the portal Diia (Diia);

a negative test result for COVID-19 by PCR or rapid test to determine the SARS-CoV-2

coronavirus
antigen, which is
valid for 72
hours.

The new rules
apply to both
regular and
irregular
passenger
transportation. It
is about road
transport on bus
routes, air and
rail transport of
interregional
communication.

The relevant
rules will not
apply to urban
and intraregional
transportation.

The carrier is
responsible for
the availability of
these documents
for all drivers,
crew members of
the aircraft and
passengers.
