Closure of Daycare Centers

Belmopan. March 19, 2020. The Ministry of Human Development, Social Transformation and Poverty Alleviation advises the public that effective Saturday, March 21st, 2020 all daycares will suspend operations until Monday, April 20th, 2020 when schools are scheduled to reopen.

This decision is under the advice of the Ministry of Health and in line with the school closures announced by the Ministry of Education, Youth, Sports, and Culture to reduce the potential spread of the coronavirus (COVID-19). Facilities in which children congregate such as schools and daycares can be particularly fertile places for the spread of contagious illnesses, with babies and toddlers especially susceptible to the spread of infectious diseases. As it is the recommendation of health experts to minimize this risk, parents are advised to seek the services of individual caregivers.

The difficulty caused by this decision is acknowledged, but these precautions are being taken in the best interest of our children and communities as we institute

all necessary measures during this global pandemic.

For questions regarding employment concerns, contact the Labour Department at their office numbers listed on our dedicated COVID-19 webpage at www.humandevlopment.gov.bz/covid19.
