# International travel

Since Sunday 6 March 2022 travellers to Ireland are not required to show proof of vaccination, proof of recovery or a negative PCR test result upon arrival.

Travellers to Ireland are no longer asked to complete a COVID-19 Passenger Locator Form and travel carriers will not ask to check a PLF receipt prior to travel to Ireland.

There are no post-arrival testing or quarantine requirements for travellers to Ireland.

Any individual that develops COVID-19 symptoms while in Ireland should follow the HSE guidance in relation to isolation and undertaking antigen or PCR testing as appropriate.

Digital COVID Certificates are still being issued as proof of vaccination, recovery or test results in Ireland. These can be used if you wish to travel to another EU country. If you have not received an updated Digital COVID Certificate, you can [request one through the online self-service portal](https://www.covidcertificateportal.gov.ie/en-US/). (<https://www.covidcertificateportal.gov.ie/en-US/>).
