### Statement of reasons

The continued downward trend in pandemic indicators, favored by the good pace of vaccinations, allows some restrictions to continue to be relaxed. In the future and exceptionally, beyond 40 attendees inside the premises and 100 outdoors, up to 100 people can gather inside - as long as 50% of the capacity of the premises is not exceeded - and up to 200 in outdoor spaces, with the understanding that a specific protocol will be required. The protocol can also allow to extend the number of people per table and the lunch schedule.

Otherwise, the rest of the measures remain in force and [Decree 133/2021](#) , of 4-28-2021, is extended again until next June 2.

For everything that has been presented, at the proposal of the Minister of Health, the Government, in the session of May 26, 2021, approves this Decree with the following content:
