Decree 20/2022, of 19-1-2022, extending Decree 9/2022, of 12-1-2022, of new exceptional measures due to the evolution of the health emergency situation caused by the SARS-CoV-2 coronavirus .

Statement of reasons

In recent days, the update of the pandemic data shows a trend towards the detection of new positive cases, due to the micron variant, with very high transmission.

Although the vaccination process is still active, the significant number of detected cases does not make it possible to relax the measures adopted, which must be maintained in order to reduce the contagion curve as much as possible.

The Government's intervention is based on the provisions of the General Health Law, of March 20, 1989, and of Law 30/2018, of December 6, classified as public security, in the terms established by Law 19 /2020, of December 23, which modified them.

In this context, the extension is established, for one more week, of the measures adopted by [Decree 9/2022](#) , of 12-1-2022, of new exceptional measures due to the evolution of the health emergency situation caused by the SARS coronavirus -CoV-2, although it can be modified depending on the evolution of the pandemic.

For everything that has been presented, at the proposal of the Minister of Health, the Government, in the session of January 19, 2022, approves this Decree with the following content:

Single item. Extension of exceptional measures

[Decree 9/2022](#) , of 12-1-2022, of new exceptional measures due to the evolution of the health emergency situation caused by the SARS-CoV-2 coronavirus, is extended until January 26, 2022 .

Final provision

This Decree enters into force on January 20, 2022.

Which is made public for general knowledge.
